International Training Management

*A Web Site for International Military Training Managers

Note: The *International Training Management (ITM)* web site was completely revised and updated as of 18 Oct 2002. All international training publications that were previously hosted on the Deskbook system have been moved to the ITM web site. There are now no links to the old *Deskbook* system. Publications that are published reliably on MILDEP/MILSVC web sites are linked to from the ITM site. Please advise if at any time you have trouble accessing any international training publications. We will host them if that appears to be necessary. DISAM ITM Web Site author and POC is: charles.collins@disam.dsca.osd.mil
